

The HD 202 and HD 212Pro closed, dynamic hi-fi stereo headphones are the ideal partners for DJs and powerful modern music, providing a crisp bass response and good insulation against ambient noise. The rugged headphones can also be used for mobile sources and home mini hi-fi systems.

- Closed, dynamic, supra-aural stereo headphones
- Earcups can be removed from the headband
- Specially designed damping perforation ensures powerful bass response
- Lightweight diaphragm material with “turbine” embossing for low bass
- High levels and crisp bass for modern rhythm-driven music
- Extremely comfortable to wear due to ultra-lightweight design, even for extended listening
- Replaceable leatherette ear pads
- 2-year guarantee

### HD 202

- Powerful neodymium magnets and lightweight diaphragms for high sound levels
- Clips to the belt: convenient cord take-up for adjusting the cable length when listening on the move

### HD 212Pro

- Extra-thin diaphragms for precise trebles
- Well defined mid-band and spatial sound reproduction due to foam damping element
